

## NARBERTH CELEBRATES THE FOURTH

THE BOND BOOTH was one of the busiest spots at the annual community Independence Day party at the playground. Mrs. Charles B. Stoudt, co-chairman of the Narberth Committee, and tiny Nickie Gross, 131 Conwell Ave., stamp sales volunteer, look on while Mrs. Robert M. Cameron sells a bond to Mrs. Suzanne Joret Gill. Bond sales at the booth totaled \$2,500 for the day.

WITH GRIM DETERMINATION, a group of seven-to-nine-year-old boys set out on the first lap of the 40-yard dash. Winner of the event was Andrew Duffy.

THE SPECIAL RADIO EXHIBIT in the hobby show was of particular interest to John Purring, 11, of 213 Forrest Ave., and Eddie McDermott, 13, of 242 Woodbine Ave.

HEY! YOU'VE GOT MY SHOES! That was a favorite cry as these four-to-six-year-old girls scrambled madly in the "Shoe Scramble" which created much hilarity at the Borough's Fourth of July program. When everybody got straightened out again, it was Donna Gentz who came in first—with her own shoes.

## 200 Boys to Be Sworn in Saturday as Members Of Haverford Township Junior Police Force

Instructions in Military Drills, Firearms, Hygiene, Finger Printing and Traffic Regulations Start Next Week—Boys Permitted to Travel in Patrol Cars

While a good many communities have stood by and wrung their hands over the juvenile delinquency problem, Haverford Township has done something about it. On Saturday afternoon, 200 boys between 11 and 17 will be sworn in as Junior Police. The ceremonies will take place at the auditorium of the Haverford Township High School at 2 P. M. John Sears, head of the Philadelphia Office of the Federal Bureau of Investigation, will address the boys. Samuel Sie-

gle, superintendent of Haverford Township police, will administer the oath to the boys, who have already been nicknamed "Junior Commandos."

Next week, the boys' training will start. They will be assigned to one of six precinct headquarters which have been set up in the Manoa Fire House, St. Faith's Church, Brookline, the Township Administration Building, Oakmont, the Preston School and the Brookline School. The sixth headquarters will

be located in the Chestnutwood section.

Among the subjects which will be included in the training of these boys are military drill, firearms instruction, hygiene, finger printing and traffic regulations. An extensive athletic program will be arranged, and outstanding criminal investigators will speak to the boys from time to time.

After a three-months basic training period, the older boys will

## Form Swimming at Colonial Village

### Announce Winners; Lifeguard Gives An Exhibit

Don Baker, Merion, who later won the senior boys diving title, and Lifeguard Blanche Mehl teamed together to stage the diving exhibition; and Lifeguards Edith Lacey, Polly Williams and Blanche Mehl gave an exhibition of swimming strokes used in form swimming.

Don Baker was an outstanding performer in the swimming meet, winning the diving contest and 25 yd. free style race for senior boys. Charles Jamieson of Wynnewood ran a close second in the diving contest and also won a first place ribbon in the open class boys free style 50 yd. swim and a second place ribbon in the open class boys 100 yd. swim.

## Auto Deaths Drop 2 in 6 Months

### Gasoline Rationing Has Little Effect On Rate

Despite gasoline rationing there were only two fewer automobile deaths during the first six months of 1944 than in the similar period of 1943, according to records of Miss Dorothy Robbins, Bryn Mawr, Secretary to Coroner Winslow J. Rushong. There were 23 for the first six months of 1944 and 24 for that period of 1943.

In June of 1944 there were four automobile deaths while the records for June of 1943 show 7. In May of 1944, however, there were seven auto deaths and only one in May of 1943.

The 22 motor deaths for 1944 were made up as follows: January, 2; Feb. 5; March, 2; April, 2; May 7; and June, 4.

Total number of deaths handled by the Coroner for the first six months of 1944 was 241, as compared with 271 for that period of 1943. There were 168 natural deaths from January to the end of June, 1943 and 142 for that period of 1944.

Accidental deaths dropped from 88 for the first six months of 1943 to 79 for the first six months of 1944. There were four more suicides for that period in 1944 than in 1943 the latter year's total being 14 and for 1944, 18. There was a homicide in the first six months of 1943 and one in that period of 1944.

The 79 accidental deaths for the first six months of 1944 showed that the majority of accidents still take place in the home. For that period this year fatal accidents in the home totaled 42. Others were: highway, 23; public transportation, 5; public, 5; industrial, three and agricultural, one.

Polls Open

Polling places in Narberth will be open all day Friday, July 7, for military registration of Absentee voters.

## Jim Craig Is Handed First Defeat; Narberth Defends One Game Lead Against Ardmore Nine On Sunday

The Jim Craig jinx has been shattered. Narberth's lead has been reduced to a slim game and it looks like a highly interesting remaining six weeks in the Main Line Baseball League.

Ardmore's scrappy but hard luck Lions get the crack at the defending champions this Sunday at Wynnewood Rd. Park, while Manoa, hot on Narberth's trail, have the home field advantage in their crucial test at Veterans Park, Darby and Manoa Rds., Brookline.

Brookline will attempt to tie Collegeville for fourth place when it tangles with the Colonels in the other weekend game at Collegeville.

That Narberth and Manoa again eventually will fight it out for the pennant was indicated last week when the Colonels' Township club, runnersup last year, noosed out the boroughites, 2-1, in a thriller on the winners' diamond.

Manoa not only tightened the race by this hairline triumph, but provided a lot of hope for the other teams in the league as a result of handing Craig, Narberth's ace right-hander, his first defeat after winning six straight. Some of the boys were almost convinced that Craig was unbeatable, but now that they've been shown it can be done they'll renew their efforts to reduce his prestige.

Narberth came back strong on Fourth of July to defeat Collegeville, 7-2, before the largest crowd of the year at Narberth. The Colonels, victors earlier in the season over the champs, had upped their record to 14-1, but loose fielding ruined their chances in the holiday game.

Manoa took advantage of John's

## Pass \$100,000 In War Bond Drive

### \$2,500 Sold July 4th At Celebration On Playground

Narberth's hard plugging bond sellers reached the 100,000 mark last Saturday with total sales of \$100,515.

With three days to go in the campaign and several sizeable subscriptions hanging in the air, the Bond Drive leaders in the Borough hope to exceed \$150,000, which, while far short of the \$260,000 reportedly sold in the Fourth Campaign, still represents "a nice piece of work."

It is believed that errors crept in during the tabulating of sales during the last Drive and that a considerable sum, estimated at from \$20,000 to \$60,000, represented "water" or duplicate counting of bond sales.

Erecting a temporary branch of the Bond Booth at the Narberth Community Playground on the 4th, Mrs. Charles B. Stoudt, Booth chairman and Co-chairman for the Borough, and her assistants, went after bond and stamp sales with a vengeance. It was felt by some that sales would be few, since they had been covered pretty thoroughly by canvassers. But the pessimists were wrong—went wrong—and when the day and evening's business wound up, Mrs. Stoudt proudly announced a grand total of \$2,500 in bonds and stamps. The figure included 21 bonds amounting to \$2,300 and \$200 worth of ten and 25 cent stamps. Assisting at the playground booth were Mrs. May Cameron, Dickie Gross, eight years, and his little brother, Tommy, aged five. The lads working as a team, sold about \$10 worth of stamps. Others assisting by tracking down the prospects, put the grounds around the grounds included three "war brides," Mrs. Thomas Mitchell, Mrs. Seaver Rose and Mrs. Minnie Rickenbach, and three junior misses, Mitzi Durham, Mary Rooney and Mitzi Stoudt.

It was also reported this week by Mrs. Robert Reithmiller and Miss Mary Greenhalgh of the Alliance of Catholic Women of St. Margaret's Church, that they had sold \$14,000 worth of bonds from the start of the campaign through last weekend.

A letter received recently by the family of a Narberth soldier of the 8th Air Force, who is in the invasion, it wound up with this sentence:

"I can't impress upon you enough how to worry, but keep praying for all of us and keep buying those bonds."

## Ballet Stars to Feature Dell's Fourth Week

The fourth week of Robin Hood Dell's 15th season opens with Alicia Markova and Anton Dolin, internationally famous ballet stars, featured on Monday evening, July 10, in a special choreographic program with Franz Allers as conductor.

On Friday evening, July 14, on an all-Brahms list, Bronislaw Huberman will be soloist in the famous D major violin concerto. The Thursday and Friday programs are to be under the leadership of George Szell who will conduct also an all orchestral program on Tuesday night, July 11, with music of Tchaikovsky and Wagner highlighted.

## Launch Destroyer In Honor of Ditter

### Ensign Given Leave To Attend Ceremony For Father

The super-destroyer J. William Ditter, named in honor of the late Pennsylvania Congressman, was launched at the Bethlehem Steel Company's Staten Island yards July 4th, the 83rd warcraft of its type built by the firm since Pearl Harbor.

The Congressman's widow acted as sponsor.

Saying "I Christen thee J. William Ditter," Mrs. Ditter broke the bottle of champagne across the destroyer with the first rap.

Standing beside her at the solemn ceremony were her daughter, Miss Mabel Ditter, an Assistant District Attorney of Montgomery County and her son, Ensign J. William Ditter, Jr., who got special leave to come from New Orleans for the launching of the ship named in honor of his father.

Mrs. Ditter, who was gowned in black, with touches of white and coral, was escorted to the ship by a beautiful bouquet of red roses just before the christening.

Many distinguished officials, members of the family and close friends of the deceased Congressman were present. They included Admiral Ezra Allen, of the Executive Office of the Secretary of the Navy and Mrs. Allen; Capt. Robert Mason, USN, who came from Washington; Capt. and Mrs. John Richardson, of the Navy; Congressman Albert Thomas, Texas, representing the Navy Appropriations Committee—Congressman Harry Sheppard, California, chairman of the committee, was unable to be present because of illness—Commander and Mrs. Carl Estes, Commander and Mrs. George Gjoerloff, Willow Grove Naval Station.

G. Harry Ditter, Philadelphia, brother of the late Montgomery County legislator; Lt. (jg) Dorothy Ditter, Waves, stationed in Washington; Edward G. Bister, Dorchester, District Attorney of Bucks County, niece and nephew; Judge and Mrs. J. Burnett Holland, Assemblyman and Mrs. Charles H. Brunner, Jr., Mr. and Mrs. Walter A. Kneir, Norristown, Mr. and Mrs. Robert L. Brouse, Mr. and Mrs. Edward J. Assenheimer, Mr. and Mrs. Harold Hutt, Mr. and Mrs. Harry J. Dager, Mrs. Lutha Dager, Dr. and Mrs. Lewis B. Miller, Ambler; Rev. Joseph L. Schade, Lansdale; Anthony Lochetta, Ambler.

Mrs. Ditter, Miss Ditter and Ensign Ditter motored to Staten Island with Commander and Mrs. Estes as Commander and Mrs. Gjoerloff. They were guests at luncheon of Commander and Mrs. Estes before leaving Willow Grove. The 2,200-ton vessel is the 83rd destroyer built by Bethlehem since the outbreak of war.

## Ex-College Stars On Hospital Team

### Narberth Pilot Expects Close Game With Valley Forge

Gene Davis, Narberth manager, isn't expecting an easy time with the Valley Forge General Hospital team in the Red Cross baseball game at the borough Saturday, July 15.

Valley Forge's record includes victories over Ursinus College, Lewistown, Altoona and the Main Line League's own Superior Tube Co. nine of Collegeville. The Valley Forge soldiers lost by only 10-3 in a game with the Philadelphia Athletics.

Former college and minor league player comprise the Valley Forge team. Foremost is first baseman Ralph Neiman, the clean up batter who was outstanding at De Pauw and Illinois. Bob Morris, second baseman, played at Fordham before entering the service and Outfielder Harold Metzger was a crack athlete at Wisconsin.

Shortstop Sam Ronchetti, who had a tryout with the A's before the war, is hitting .350 since returning after a two-year sojourn in Panama. Herman Strick is a former pitcher in Philly semi-pro circles and Catcher Joe Caputo, who is batting .290, was in the minors before entering the service.

Leroy Miller, popular conductor of a daily morning program at KZYW, will be master of ceremonies at the game. All proceeds from the contest will go to the Camp and Hospital Committee, American Red Cross, Main Line Branch No. 1.

Dr. F. Monroe Purse, of 127 Elmwood Avenue, Narberth, has been elected to take part in the annual meeting of the American College of Osteopathic Pediatricians, which will convene in Chicago sometime just before or during the July 14 to 18 War Service Conference.

Dr. Purse is secretary-treasurer of the American College of Osteopathic Pediatricians.

## Enroll 15,000 For Military Ballots

### Election Boards to Sit Friday For Any Missed

Much of Montgomery County's regular vote machinery is in readiness to start operation Friday as the County marks Military Ballot Day with the rest of Pennsylvania for the enrollment of the service men and women.

A total of 15,000 names already have been submitted to the office of the County Civilian Defense Council, according to its chairman, E. Russell Matz, Hatfield, by Local Civilian Defense workers in all sections of the county with the exception of Haverford and Cheltenham. It is understood a large number of names have been obtained in the latter community, but up to this morning had not been turned over to the County Defense Council.

The cars turned in to the County Council by the Local Defense Council volunteers are being processed and will be ready for the election boards in the 191 election districts on Friday.

To make this possible, Chairman Matz and a group of volunteers including Mr. and Mrs. Edward Towne, Ambler; Miss Laura Gutkowski, Bridgeport, and E. Russell Matz, Jr., Hatfield, worked all day Sunday, Monday and July 4 at the County Defense Council office at the Court House.

Also aiding in the work are a group of county employees who were transferred from the fourth floor of the Court House to assist Chairman Matz.

Polls in the 191 districts will be open from 7 A. M. to 8 P. M. when all the names obtained will be placed on lists of persons to receive the military ballots.

It is estimated there are 23,000 men and women from Montgomery County in the service.

Relatives of those whose names have not as yet been turned in may make the registrations at the polling place in their respective districts on Friday.

## Bond Premiere To Be Held At Theatre

## Narberth Solicitor Is Active In Borough Association Work

Taking an active part in borough affairs through county and state organizations is Henry A. Frye, solicitor for Narberth Borough, and president of the Montgomery County Boroughs Association.

Last month the Montgomery Association, joining with the Delaware County Boroughs Association, was host to the State Association at its convention in Philadelphia.

Attorney Frye was born in Charleroi, Pa., April 29, 1895. He was the son of Thomas A. Frye and Luna C. Chalfont. His father was a successful engineer and took him to San Francisco, Calif., and youthful Frye attended grammar school in that city. He completed high school in Berkeley, Calif., being graduated in 1913.

He matriculated at Stanford University, Palo Alto, Calif., and received his degree in 1917. During his college years he was active in track, specializing in the middle distances and cross coun-

Weeks of intensive preparations by the large community committee headed by Mrs. Eberhardt Mueller, Walter Case and J. J. Cabrey resulted in a program which officials estimated was enjoyed by about 4,000 men, women and children.

The ceremonies started with the salute to the Flag and the singing of the Star Spangled Banner. From then on, the playground, at Windsor and Wynnewood Rds. was a beehive of activity. The baby show opened the day's festivities, and Burns F. Best, assisted by Sterling Chain, William Howard, Frank Dwyer and R. H. Price, continued with the sports events. The large turnout of children made it necessary to run several of the events in heats.

At the evening exercises, Al White led community singing with his accordion, followed by talks by W. F. Griffith, field director for the American Red Cross, and Pfc. Joseph Kuder, World War II veteran, now at Valley Forge Hospital.

Pfc. Kuder spoke about the campaign in Italy, and Army life in general.

Moving pictures of sports, comedy, and recent war films were shown to a crowd of 400.

One of the most popular features of the daytime program was the pet show, whose large variety of entrants drew a big crowd when it came time for judging. It was under the direction of Mrs. A. C. Staples, chairman, with her daughter, Jean, as assistant chairman. Other aides were Mrs. Mabel Hunsicker and Miss Jean Reinhardt. The judges were Joseph White, Mrs. Warner Supplee, A. Horan.

The antique exhibit was staged by Miss Vera Bailey, chairman, and Mrs. William F. Schenck, assistant chairman, aided by Mrs. M. A. Mattoon, Mrs. William Heindel, Mrs. Charles Thompson, Miss Agnes Austin, and Mrs. Robert Wetzel. The judges were Mrs. Charles Carvin, Robert F. Wood, and Fred Lacey.

Tin cans for the armed forces have donated war paint. The reason? Damp tropical climates cause them to rust before used. Also shiny tin cans littering a combat area cause most skillfully camouflaged soldiers to be spotted by the enemy.

Answers for Victory Gardeners  
What Are the Most Important Enemies of the Gardener?  
No garden will be successful unless defended against weeds and insects. The two weapons most important in "garden defense" are the hoe and the spade. They should be used regularly and in the proper manner. Too often Victory Gardeners start out enthusiastically to raise their own garden vegetables. The next thing they know their project gets to be hard work. The sun is hot, the weeds begin to take over and pesky insects move in and invite all their relatives to partake of the bountiful banquet spread before them in the way of tender vegetables.

What Harm Do Weeds Do in the Garden?  
Weeds are thieves. They steal the moisture and plant food from your crop. The soil is a reservoir from which the garden plants draw their sustenance. Every weed that runs its roots into that reservoir draws away the things your crop needs for good growth. Few soils will feed a crop of weeds and a crop of garden vegetables at the same time.

How Can I Prevent a Growth of Weeds in the Garden?

Weeds grow from seeds. If weeds are kept down year by year so that no seed falls your weed problem is partly solved although there always seems to be some coming up no matter how you fight. The problem in the main is solved by cultivation and by hoeing. Weeds should be destroyed as they come up before they have time to attain a size where they do damage by robbing your crop. Burning garden trash helps to destroy both weed seeds and insects. However many weeds drop their seeds as soon as they ripen and you have to

be careful that in gathering stray weed stocks you do not broadcast weed seed.

What Insects Are Most Harmful to the Garden?

Any insect seen in the garden should be looked upon as an enemy till proven otherwise. Some are more harmful than others. All insects are harmful that eat leaves, flowers or tender shoots. Likewise they are harmful if they suck sap from the tissues. The plant needs all its substance and can spare none for support of insects. In various sections of the country different types of insects are found. Some insects such as aphids are almost universal, however, and are found on almost all types of vegetation. Watch for the little green plant lice (aphids) and attack them at once when they appear. They look harmless but can do great damage if allowed to multiply.

How Should Insects Be Combated?

As soon as the plants get large enough to act as a harbor for insects they should be sprayed. For chewing insects use lead arsenate. For sucking insects use Black Leaf 40. Full directions will be given later in these columns as to how to use these products which are very simple to handle and will do a splendid clean up job.

For the very young child, there is nothing more practical and less than soft, non-breakable stuffed dolls. A variety of such toys can be made inexpensively from a few small cotton bags, such as those in which you purchase sugar, meal, flour. These toys are easily grasped by the young tot, and may be laundered easily when they become soiled.
